About National Law University Meghalaya

National Law University Meghalaya (NLU Meg), nestled in the heart of the 'Scotland of the East', is the first National Law University established in Meghalaya. The premier law school has been set up with a mission to pioneer legal educational reforms, and to anchor the transformation of the Indian legal system through research and policy interventions.

While most law Universities in the country achieve a standard in teaching pedagogies, legal research needs more intensity. To compete with global legal research output and make legal research relevant to contemporary society NLU Meg focus on evidence-based research and propose solutions commensurate with the country's needs.

NLU Meg focus on learning outcomes instead of information over load to its students. Focusing on learning outcomes that orient the student with the desired skill required for the practice and industry with evolving political, social and economic realities.

The University degree programmes are necessarily a packaging of the subjects which the University finds relevant to the job markets. The education approach at NLU Meg focus more on packaging the subjects by the students to cater to the ever-increasing diversified need of the fast-changing society.

Vice - Chancellor's Message

It is with immense pride that I announce the second edition of the NLU Meg National Moot Court Competition, hosted by NLU Meghalaya.

This event is more than just a competition; it is a platform for shaping the future of legal advocacy. Mooting tests your legal acumen and brings the statutes and judgments you study to life. As future custodians of justice, you will grapple with complex issues, demonstrating expertise and commitment to the principles of justice and humanity.

Embrace this opportunity with passion and humility. Advocate fervently, but also value diverse perspectives. Each of you has the potential to be a changemaker, upholding the rights of the marginalized and voicing the concerns of the voiceless.

Let this moot be a celebration of justice and a testament to your potential as vanguards of the legal fraternity. I look forward to witnessing exceptional talent and spirited engagement with these crucial issues.

Best wishes,
Prof. Indrajit Dube
Vice Chancellor, NLU Meghalaya

About The Competition

National Law University Meghalaya (NLU Meg) is delighted to announce the second edition of the National Moot Court Competition, 2025. In order to provide the necessary free space to interpret and analyze legal provisions in the context of a given legal regime, while trying to solve a practical problem, this event has been devised with the aim to nurture and hone amongst law students, a better understanding and concern for legal advocacy, while giving them an opportunity to deliberate before experts in the field, thus rigorously testing the legal acumen, research, and oratory skills of the participating teams.

Moot court competitions play a significant role in the education and development of law students, offering a range of valuable benefits that contribute to their legal knowledge, skills, and overall growth. This moot court competition will focus on a challenging and thought-provoking hypothetical case. The case study will encompass a range of legal issues, encouraging participants to explore various facets of the law and craft well-reasoned arguments.

To promote the aspect of legal training for ensuring a wholesome legal education, it shall be expected from the participants to explore different dimensions of law and not restrict themselves only to the theme of the Competition. We cordially invite your Law School/ University/ Institution/ College and likewise to participate in the Competition.

About Moot Court Society

The Moot Court Society (MCS) of National Law University Meghalaya (NLU Meg) is a cornerstone of legal education, providing students with essential practical experience through simulated court proceedings. Moot Court Society (MCS) is a critical aspect of the legal education at many law schools, including NLU Meghalaya. Moot court activities are simulated court proceedings where students draft briefs or memorials and participate in oral arguments. The society typically organizes various moot court competitions, workshops, and training sessions to help students enhance their advocacy skills, legal research, and drafting abilities.

At NLU Meghalaya, the MCS plays a vital role in preparing students for national and international moot court competitions, offering rigorous training and resources. It is responsible for selecting and training teams, providing resources, and ensuring that the participants are well-prepared to represent the university.

In 2024, the MCS achieved a significant milestone by hosting the 1st NLU MEG – NHRC National Moot Court Competition, becoming one of the first law schools to host a national moot court competition in its first year of establishment. The event, welcomed over 200 participants and judges nationwide, showcasing the society's organizational prowess.

Building on this success, the society has expanded into two committees—National and International—allowing it to focus on competitions at both levels. The MCS is now preparing to host an International Moot Court Competition, the first in North-East India, further solidifying NLU Meghalaya's reputation in the global legal education landscape.

Through these initiatives, the society not only hones students' legal reasoning and advocacy skills but also aims to position NLU Meghalaya as a hub for legal discourse and cross-cultural understanding.
